This Game Has No Loyalty by JUNE ISBN B003U8WUYI

In the mid 80's there was a new drug that popped up in the poor urban neighborhoods of Brooklyn called 'crack'. It quickly became the most sought out employment for street kids who learned how to distribute, package and sell it for a profit. What no one anticipated was the havoc and destruction it would bring to their hood because of the unlimited potential of stacks of money they stood to make. Murder, betrayal and disloyalty surfaced without prejudice and took young lives almost immediately. Welcome to Bushwick and Bed-Stuy Brooklyn where Junior catapults you into life in the drug dealer game and takes you on an up close and personal voyage that will have you smelling gun smoke and running for your life.

Being a kingpin in a hood you're not from is usually unheard of but for Junior it wasn't. He's the boss of Baptiste projects and believes there are two reasons he's avoided drama from the locals. For one, he hired dudes from Baptiste to help him and the second was because his girl Shondra

was born and raised in Baptiste and had mad love and respect in her hood. Junior enjoyed getting money relatively with no consequences but nothing remains the same for long. He gets his first taste of disloyalty from within his camp and that compromises his once solidly run drug empire.

Junior's first instinct is impulsive and he rushes to deal with the betrayal with lethal intentions, but his premeditated move proves to be the wrong move and he finds himself in a deadly gun battle with KB and his crew. He barely escapes and flees Baptiste to Bed-Stuy to plan his next strategic move. He turns to Shondra to give him inside information on what is happening in Baptiste in his absence while he temporarily turns over the reins of his business to one of his trusted workers who was with him during his gunfight with KB's crew. Shondra finds out some information that will help him eliminate his enemies but it jeopardizes her relationship with her best friend Gloria.

While Junior is plotting his revenge he runs into Muffin, a girlfriend from his past. He decides to use her as a part of his team but their emotions cause romantic turmoil that eventually leads to a love triangle although he tells Muffin he's in a relationship with Shondra. Muffin plays as if she respects the boundaries placed in front of her but has her own plans on taking Shondra out of the picture so she can claim her place as Junior's main girl.

Junior's goal is to change the way the drug game is played but after being set up he's on a mission to stay alive and make everyone involved pay for their disloyalty. He also tries to find a balance between his love for Shondra and his business/love relationship he developed with Muffin.

When Shondra finds out about Junior's affair with Muffin her anger is temporarily derailed when they find themselves in the middle of a deadly shootout. The massacre affects everyone's life in a dramatic way, spilling all secrets out in the open. Junior and Muffin's infidelity is revealed, Gloria discovers Shondra's disloyalty to her and KB's life hangs in the balance. Junior's empire, life and relationship are at stake as he executes his deadly plan of revenge.

One Brooklyn neighborhood tells a gangster love story that is fueled by murder, betrayal, unfaithfulness, revenge and remarkably, love. To live the so called drug life, don't try to find loyalty in something you believe in if you are not willing to commit to it completely.
