Lobster Red Aries by Susie Alton Combs ISBN B00BHJTORI

When a female camper across a Maine bay chokes to death on a lobster claw, Astrologer Di Darwin, tight on time and deep into clearing and selling her newly inherited cottage, agrees to erect a horoscope chart using the stars.

The elderly camper isn't the first to succumb from lobster this season in the all-women lodge on Bull Point, but her death reduces the number of wealthy old ladies to the brink of losing their beloved land which they believe holds Pirate Dixie Bull's long lost treasure.

Her death's recorded accidental until one savvy old lady screams "Murder" and challenges Di to unmask the killer. A horoscope can't reveal names, only clues, plunging Di into a maelstrom of inheritance secrets, elderly sex games, and juggling two contemporary men who like her, but hate each other.

Plus, the camp's Annual Charity Pirate Shindig held on camp grounds approaches; a huge undertaking for the no longer young, but don't tell them that.
