Sixteen-year-old Gwen lives with her extended and eccentric family in an exclusive London neighborhood. She's had a relatively normal life so far, in spite of her ancestors' peculiar history. The time-traveling gene that runs like a secret thread through the female half of the family is supposed to have skipped Gwen. She hasn't been introduced to "the mysteries," and can spend her time hanging out with her best friend Lesley, watching movies and talking about boys. So it comes as an unwelcome surprise when she starts taking sudden leaps into the past.

She's totally unprepared for time travel, not to mention all that comes with it: fancy clothes, archaic manners, a mysterious secret society, and Gideon, her time-traveling counterpart. He's obnoxious, a know-it-all, and possibly the best-looking guy she's seen in any century . . .
