International Handbook of Traumatic Stress Syndromes (Springer Series on Stress and Coping) by ISBN 0306437953

Over 100 researchers from 16 countries contribute to the first comprehensive handbook on post-traumatic stress disorder. Eight major sections present information on assessment, measurement, and research protocols for trauma related to war veterans, victims of torture, children, and the aged. Clinicians and researchers will find it an indispensable reference, touching on such disciplines and psychiatry, psychology, social work, counseling, sociology, neurophysiology, and political science.
