The Privacy of the Psychical. (Philosophy and Psychology) by Amihud Gilead ISBN 9042033916  
This book argues that the irreducible singularity of each person as a psychical subject implies the privacy of the psychical and that of experience, and yet the private accessibility of each person to his or her mind is compatible with interpersonal communication and understanding. The book treats these major issues against the background of the author's original metaphysics-panenmentalism.
