Philosophy and Revolution: From Kant to Marx by Stathis Kouvelakis ISBN 1859844715

Throughout the nineteenth century, German philosophy was haunted by the specter of the French Revolution. Kant, Hegel and their followers spent their lives wrestling with its heritage, trying to imagine a specifically German path to modernity: a “revolution without revolution.” Trapped in a politically ossified society, German intellectuals were driven to brood over the nature of the revolutionary experience.

In this ambitious and original study, Stathis Kouvelakis paints a rich panorama of the key intellectual and political figures in the effervescence of German thought before the 1848 revolutions. He shows how the attempt to chart a moderate, reformist path entered into crisis, generating two antagonistic perspectives within the progressive currents of German society. On

the one side were those socialists—among them Moses Hess and the young Friedrich Engels—who sought to discover a principle of harmony in social relations, bypassing the question of revolutionary politics. On the other side, the poet Heinrich Heine and the young Karl Marx developed a new perspective, articulating revolutionary rupture, proletarian hegemony and struggle for democracy, thereby redefining the very notion of politics itself.

Philosophy and Revolution: From Kant to Marx Review

This Philosophy and Revolution: From Kant to Marx book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of Philosophy and Revolution: From Kant to Marx without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't be worry Philosophy and Revolution: From Kant to Marx can bring any time you are and not make your tote space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone.
