Hi there, my name is Eric Monroe and I'm here to show you how to text your way into your man's heart. I'm a relationship expert with years of experience helping single people find their soulmates and couples find true love.

**I've dedicated my career to helping single people find true love, and now I'm here to help YOU**

So yes, I'm a relationship expert, it's what I do every day. I've spent more years than I can remember working out what's going on in people's heads and I've used that understanding to bring countless couples together. It's been an incredible ride - and it's helped me gather the knowledge I need to help you, too.

I'm also a man, in case you hadn't guessed. I know what's going on in his head, because he thinks the same way I do. So why am I different? Because I'm trained, experienced and able to understand why I think these things - and why YOU need to know what he's thinking, too.

**Give me ONE DAY and I'll show you how to wield your cell phone like a pro**

Give me three and I'll tell you how to keep that conversation going until you've won his heart. I'll show you exactly where you've been going wrong when it comes to texting your beau, and I'll correct those mistakes so you're titillating, exciting and enticing him. Sounds good?

**Texting your man is about keeping him guessing - and making sure he can't wait to read your next message**

It's not as difficult as it sounds. You just need to know how he's reacting to what you're saying, so that you can say the things you want him to hear. With this guide, I'm going to show you how to get your true personality across and make yourself absolutely irresistible to that man.

We'll take a look at:

- Texting slip-ups that turn him straight off.
- Sexy secret signals you can send in just a few words.
- Easy ways to keep that conversation going.
- How to make yourself an enigma he'll want to crack.
- And a whole lot more...

**If you don't read this guide, you run the risk of him losing interest in you in no time**

**This method will change the game - you'll get his full attention, guaranteed!**

I'm going to show you how to use your phone to make him want you - you are ten times more likely to get that conversation going if you follow this guide than if you don't. He's going to be hanging on every word you say, waiting hours for his phone to buzz and whipping it straight out to see if it's you - and all for the cost of a new phone case.
