Family Sexual Abuse: Frontline Research and Evaluation by ISBN 0803939604

This valuable book reviews and discusses the latest research on family sexual abuse. With contributions by both practitioners and researchers, it covers such issues as sibling incest; the background of sexual offenders; effects of sexual abuse on children, of offender removal from the home and of reunification and the prognosis for incest offenders after treatment. Within this context the immediate problems of local practitioners dealing with real life instances are highlighted and discussed.
