Reducing Readmissions: A Blueprint for Improving Care Transitions by HCPPro, Christina Pavetto Bond MS FACHE, Eric Coleman MD MPH ISBN 1601467397

**As of June 20, 2014, contact hours for nurses are no longer available with this product.**

As the healthcare industry implements reforms that will penalize hospitals for readmissions deemed unnecessary, it's crucial to put in place a comprehensive readmission reduction program at your organization

This book by **Christina Pavetto Bond, MS, FACHE**, and **Eric Coleman, MD, MPH**, provides a

detailed look at effective and innovative programs to reduce readmissions. It offers a blueprint to develop a program for your organization based on sound leadership practices.

**With this book you will be able to:**

- Develop an evidence-based readmission reduction program using case-based studies
- Target and address underlying issues that can derail a program, such as health literacy and patient self-management
- Use the included tools to create a strategic planning framework for your readmission reduction program
- Earn continuing education credits while you improve your organization's outcomes

**Take a look at a few of the tools you'll find in your copy of *Reducing Readmissions*:**

- Check sheet for implementation of a readmission reduction program
- Discharge advocate sample job description
- Transition coach sample job description
- Transition program outcomes tracking chart and sample budget

If you are a case managers, member of the utilization review staff, nurse, transition care nurse, discharge planner, discharge advocate, social worker, care coordinator, revenue cycle director or manager, or a physician assistant, you need the guidance provided in ***Reducing Readmissions***. **Order your copy today.**
