The Keeper of the Crows by Kyle Alexander Romines ISBN 1620066467

No evil can remain buried forever, as disgraced journalist Thomas Brooks discovers when a wave of death grips the rural Kentucky town of Gray Hollow in terror.

Following a very public humiliation, Thomas is looking for a story to get him back on the map—and free of the small town newspaper where he serves out his exile. The apparent murder of a stranger seems to be just what the opportunistic reporter needs, until he discovers the death is merely the start of something bigger.

Also investigating the murder is Sheriff Jezebel Woods, who doesn't approve of Thomas' sensationalist intentions. Mounting deaths force the pair to set aside their differences to confront a force that threatens to destroy the entire town.

At the center of the mystery is the disappearance of a boy named Salem Alistair, who designed a series of grotesque scarecrows for his parents' farm—scarecrows that are turning up at each subsequent crime scene. Thomas begins to doubt his uneasy alliance with the sheriff when he realizes Jezebel has her own secret history with Salem Alistair.

Thomas and Jezebel are completely unprepared to face the supernatural force at odds with Gray Hollow. As the killings continue, and the town slowly begins to yield its dark secrets, the truth will pit Thomas and Jezebel on a collision course with true evil.

## **The Keeper of the Crows Review**

This The Keeper of the Crows book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
