For colleges and universities around the world, ***Financial Accounting IFRS, 2nd Edition*** by Jerry

J. Weygandt, Paul D. Kimmel, and Donald E. Kieso, is designed to assist students learning accounting topics under the rules of IFRS. The book addresses every accounting topic from the perspective of IFRS and includes examples based on international companies. Following the reputation for accuracy, comprehensiveness, and currency, this highly anticipated new edition retains key features, such as the table of contents, comprehensive problem sets, and accuracy, on which users of Weygandt ***Financial Accounting IFRS*** have come to rely. The focus of this text is on international companies, discussing financial accounting principles and procedures within the context of IFRS, and providing end-of-chapter exercises and problems that present students with foreign currency examples such as the yen or euro. Students come to class prepared because the program is designed to meet the needs of today's accounting classroom with an innovative question design that facilitates effective learning of accounting concepts, skills, and procedures.
