Real-Life Distance Education: Case Studies in Practice (Perspectives in Instructional Technology and Distance Education) by ISBN 1623965268

Real-Life Distance Education: Case Studies in Practice documents and discusses the experiences of those who have implemented distance learning as a solution to “real-life” problems and provides guidance to assist readers in their understanding and analysis of distance learning. This approach allows readers to develop analytic and problem solving skills. The variety of different situations within the individual case studies allows readers to apply their knowledge to new and unique situations and to explore solutions to complex issues. The book is useful as a primary or supplementary text in programs of educational technology, instructional design, learning sciences,

human resource development, curriculum & instruction, media & technology or higher education.
