Batman: No Man's Land - Volume 3 by Greg Rucka ISBN 1563896346

Fans of Batman are lucky to get Greg Rucka--the talented, gritty young author of *Keeper* and *Finder*, among others--sharing time with their favorite licensed character in this novelization of DC's complete No Man's Land comic series. (And fans of Rucka--assuming they get around to reading this at all--will still likely hold the opinion that Atticus Kodiak could take Batman in a standup fight any day.) DC shook up Gotham--literally--in its 1999 Batman plot arc: a 7.6 earthquake rocked Gotham City, wreaking enough destruction to bring the broken, crime-ridden, runt kid-brother of Metropolis and New York to its knees. In the story line's most indulgent liberty, those fat cats in Washington decide to write off Gotham, *à la* *Escape from New York*, blowing up the connecting bridges, mining the surrounding waterways, and signing into law the Federal Declaration of No Man's Land, which makes it a crime to even set foot in the city. The usual suspects from Arkham Asylum, Two-Face and the Penguin, the Riddler and Dr. Freeze, Poison Ivy and Mr. Zsasz, file out to begin running the show, strong-arming and manipulating the block-by-block turf battles that envelop the now-ultraviolet city. A conflicted Batman shows up fashionably

late, only to find that these lunatics are the least of his worries: Lex Luthor, Superman's archfoe, has nefarious designs on Gotham too. Could this possibly get any better? Sure, No Man's Land is derivative fiction, but the appeal of Rucka--and, of course, Batman--can make this one worth the read. --Paul Hughes

Batman: No Man's Land - Volume 3 Review

This Batman: No Man's Land - Volume 3 book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
