The Christ Poems: Communiques from the Inner life by D. Patrick Miller ISBN 0988802473

What does it actually feel like to be growing, struggling, and learning on a mystical path? In this remarkable collection of new poetry from D. Patrick Miller, a leading writer on A Course in Miracles, the reader is taken into some of the deeper feelings and subtler thoughts of the mystical journey. "Although students can certainly get lost in the intellectual complexities of A Course in Miracles," says the author, "I have always experienced ACIM as a highly emotional path, in which shifts of thoughts and feelings are nearly always simultaneous. So I believe these poems have arisen within me as expressions of what it feels like to be on a mystical path in which I am increasingly informed and inspired by what I call 'my Christ,' my personal experience of an inner, active wisdom.... "My hope in sharing these poems is that other Course students, and indeed any seeker on a mystical path, will recognize echoes of their own experience and thus be enriched by a greater

understanding of what's going on in their spiritual life. An inner voice of instinctive and loving wisdom is accessible to anyone, regardless of how you name it. May this little book help it be heard more clearly.
