Political Investigations: Hegel, Marx and Arendt by Robert Fine ISBN 0415239087

In this highly innovative book Robert Fine compares three great studies of modern political life: Hegel's *Elements of the Philosophy of Right*, Marx's *Capital* and Hannah Arendt's *Origins of Totalitarianism*, and argues that they are all profoundly radical texts, which jointly contribute to our understanding of the modern world. Fine maintains that these works are far more revealing when read together than in opposition, and draws a direct parallel between Hegel's critique of social forms of right and Marx's critique of social forms of value. Fine shows how fruitfully their work can and should be combined.

Hannah Arendt was in turn critical of what she saw as the historicism of both Hegel and Marx, but

Fine argues that her study of the origins of totalitarianism directly picks up on their insights into the modern potential for fanaticism and destructiveness. Arendt never disavowed any of the nineteenth century thinkers who prefigured the catastrophes to come, but Fine shows her indebtedness to Hegel and Marx.

This fascinating book offers a re-reading of these texts as three pivotal moments in the construction of a critical humanist tradition.
