Civilization: A New History of the Western World by Roger Osborne ISBN 1933648767

**"It would be hard to imagine a more readable general history of the West that covers so much ground so incisively."?William Grimes, *The New York Times***

Ever since the attacks of September 11, 2001, Western leaders have described a world engaged in "a fight for civilization." But what do we mean by civilization? We believe in a Western tradition of freedom that has produced a fulfilling existence for many millions of people and a culture of enormous depth and creative power. But the history of our civilization is also filled with unspeakable brutality?for every Leonardo there is a Mussolini, for every Beethoven symphony a concentration camp, for every Chrysler Building a My Lai massacre.

An ambitious historical assessment of the Western world?tying together the histories of empires, art, philosophy, science, and politics?*Civilization* reexamines and confronts us with all of our glories and catastrophes. At such a dangerous time in the world's history, this brilliant book is required reading.

## **Civilization: A New History of the Western World Review**
