Descartes: Meditations on First Philosophy: With Selections from the Objections and Replies (Cambridge Texts in the History of Philosophy) by ISBN 1107665736

Descartes's *Meditations on First Philosophy* remains one of the most widely studied works of Western philosophy. This volume is a refreshed and updated edition of John Cottingham's bestselling 1996 edition, based on his translation in the acclaimed three-volume Cambridge edition of *The Philosophical Writings of Descartes*. It presents the complete text of Descartes's central metaphysical masterpiece, the *Meditations*, in clear, readable modern English, and it offers the

reader additional material in a thematic abridgement of the Objections and Replies, providing a deeper understanding of how Descartes developed and clarified his arguments in response to critics. Cottingham also provides an updated introduction, together with a substantially revised bibliography, taking into account recent literature and developments in Descartes studies. The volume will be a vital resource for students reading the Meditations, as well as those studying Descartes and early modern philosophy.
