Writing Steampunk by Beth Henderson ISBN 1257376055

WRITING STEAMPUNK is a journey into building Steampunk fiction. There are choices to be made in regards to era, characters, and world building. And there's research to do. Why? Because Steampunk is alternative history and some tinkering will need to be done. A list of Steampunk novels is included, as well as a list of publishers likely to be interested in Steampunk, a brief overview of events, discoveries and inventions of the 19th and early 20th century, and a lot of encouragement, suggestions and examples are given. Multipublished author and frequent online workshop presenter Beth Daniels (aka Beth Henderson, J.B. Dane) is your tour guide.
