The Wars of the Roses: The Fall of the Plantagenets and the Rise of the Tudors by Dan Jones
ISBN 0143127888

The author of the *New York Times* bestseller *The Plantagenets* chronicles the next chapter in British history—the historical backdrop for *Game of Thrones*

From the author of *Magna Carta: The Birth of Liberty*

The crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to *The Plantagenets*, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors.

Some of the greatest heroes and villains of history were thrown together in these turbulent times, from Joan of Arc to Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, and Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses.

The Wars of the Roses: The Fall of the Plantagenets and the Rise of the Tudors Review

This The Wars of the Roses: The Fall of the Plantagenets and the Rise of the Tudors book is not really ordinary book, you have it then the world is in your hands.
