ACC Atlas of Pathophysiology (Altas of Pathophysiology) by Springhouse ISBN 1582553645

Featuring over 300 large full-color illustrations, this comprehensive atlas shows how more than 150 disorders can disrupt the human body's equilibrium. It is designed to help healthcare professionals visualize disease processes and understand the rationales for clinical interventions.

Introductory chapters illustrate basic pathophysiologic concepts including cells, cancer, infection, genetics, and fluids and electrolytes. Thirteen chapters organized by body system cover all major diseases, with illustrations, charts, and brief text on causes, pathophysiology, signs, symptoms, diagnostic tests, and treatment.

This Second Edition includes 10 new disease entries and updated information throughout.

Diagnostic test information now includes expected findings for the disorder.
