A Heart-Pounding Dystopian YA Thrill-Ride

Three hundred years ago, *something* arose and pushed humanity to the brink of extinction. Their water supply is being poisoned. Someone, or *something* down below is trying to kill them. Now an expedition, including seventeen year-old girl Icelyn Brathius, must descend and face the monsters that wiped

out civilization centuries ago.

The Shocking True Nature of the Threat Below

As Icelyn faces dangers in a world humans are not meant to survive, she learns that not everything is as it seems, and uncovers an ancient revelation, then faces a choice that may change the fate of everyone above and below the clouds.
