Action before Westport, 1864: Revised Edition by Howard N. Monnett ISBN 0870814133

The military events surrounding the frontier village of Westport, Missouri, during the autumn of 1864 were part of a Confederate raid that exceeded any Civil War cavalry raid. The climax of a last-ditch Confederate invasion of Missouri, the battle ended forever the bitter fighting that had devastated the Missouri-Kansas border. First published more than thirty years ago and now available with a new introduction and notes that update the text, *Action Before Westport* presents the only full account of that most unusual and daring Civil War battle.

In addition to incorporating official records, newspaper accounts, letters, diaries, journals, and privately printed records, Monnett consulted several previously undiscovered manuscripts, two of them the work of key Confederate generals in the raid. The result is a classic work that is both

immensely readable and impressive in its documentation.
