A Christmas Memory (Memories Book 1) by Max Vos ISBN B00GO5G33I

J.J. has always hated the holidays. Presents, decorations, the traditional family Christmas...It's all his colleagues in the staffroom can talk about. J.J. avoids these conversations like the plague. He'd do anything to keep his co-workers from seeing the real J.J, the gay man who doesn't want to be noticed. When he slips up and reveals that he is all alone with no plans for Christmas, the well-meaning ladies of his high school want to take him in for the holidays.

Oh hell....

Enter Coach Adam Sutton who comes to his rescue—and now J.J. is trapped by this hulk of a man who won't take no for an answer. And he would have to be someone J.J finds attractive, wouldn't he? Too bad he's straight and J.J's not about to step out of the shadows and make a move on him. He likes his arms where they are, thank you very much.

But Adam has a secret, one which is going to turn J.J's world upside-down. Adam wants to give J.J. a Christmas to remember, but as it turns out, both men's lives are never going to be the same

again...
