Lunar Park by Bret Easton Ellis ISBN 3453675215

The quasi-autobiographical masterpiece by master horror writer Bret Easton Ellis combines elements of the author's true family and life, and his typically imaginative brand of strange and swiftly escalating suspense. Appearances by real life authors and past creations of Ellis himself, in particular a charming but somewhat unsettling stock broker named Patrick Bateman, make for a page turner you won't soon forget.

## Lunar Park Review

This Lunar Park book is not really ordinary book, you have it then the world is in your hands.
