Attraction Alexa & Patrick Silver Wes Valentine's Day surprise has turned into a nightmare. Grounded with thousands of other travelers at an airport by a storm, he and his wife will never make their cruise. A romantic holiday atmosphere this is assuredly not! Brand, a feline shifter, is desperate. Sexual arousal is heavy in the airport and his flight has been canceled. He needs to join

with another shifter soon or risk going feral. When Brand spots Wes and Tabitha, the raw sexuality of these fellow shifters calls to his primal needs. But they aren't average shifters. Secrets and reclaimed heritage may pull them all together or rip them apart.

Assignment Nina Nash When Aphrodite, reigning goddess of love, sends Diana on a mission to give a mortal woman the push she needs to be open to romance just a few days before Valentine's Day the assignment seems to be an easy one. Nudge the woman toward the handsome, interesting man and hope for the best, right? That's exactly what Diana does and Kate and Trevor, the mortals, find happiness in time for the big day. When Diana realizes that there is a second being from the realm of love among the mortals she assumes that he is along to help with her assignment. Art, however, has an assignment of his own to attend to one that is, to him, much more important than any other.

Cheer Givers & Mischief Makers K.Z. Snow This story within a story concerns opposites in the world of Fae Rhy the Cheer Givers and the Mischief Makers. Both are bound by duty to interact with humans on every holiday the former, by enhancing the holiday; the latter, by undermining it. Isabelle is a Cheer Giver who enjoys her body. For Valentine's Day, she finds a hunky Recipient at a singles club the romantically unlucky Bryce could benefit from some cheering. But Isabelle is more strongly drawn to another man the mysterious, alluring Daniel, who, alas, isn't needful enough to require her services. When Daniel unexpectedly appears at her hotel suite while she's entertaining Bryce, Isabelle knows she cannot abandon her mission. Cheering both men seems the more equitable option. It's a carnival of carnal delights...until Daniel begins to captivate Isabelle, body and soul proving opposites do indeed attract.
