Crosshairs on the Kill Zone

From the authors of the classic sniper chronicle *One Shot-One Kill* comes a new generation of true tales from some of the most expert and deadly marksmen in the world. Meet Adelbert Waldron II, whose 109 confirmed kills in Vietnam made him the most successful sniper in American military

history, and Tom "Moose" Ferran, who coined the term "Fetch!", whereupon the infantry would retrieve the sniper's dead quarry. Also included are stories from snipers in Beirut, the Bosnian conflict, and both wars with Iraq -- including the feat of Sergeants Joshua Hamblin and Owen Mulder, who took down thirty-two enemy soldiers in a single day outside Baghdad in 2003.

The military sniper has evolved into one of the most dangerous and highly-skilled warrior professions. They suffer through weather, terrain, and enemy action, lay unmoving for days on end, and take out their targets with unerring accuracy -- proving that the deadliest weapon in any battle, anywhere in the world, is a single well-aimed shot.
