Finding Time by Steve Poling ISBN B008S5SVKK

Rescue the past to build the future. In 2280 EarthGov is desperate when aliens destroy their first colony. They'll even comb through the wreckage of the aliens' UFO that crashed in 1947—where one man claims he's found a time machine. Now the race is on to scour history for the treasures and talents EarthGov needs.

Sid Feynman just wants a government grant. His hopes for a quiet academic life are dashed when EarthGov thrusts the beautiful historian Nell Playfair upon him and expects Sid to actually use the time machine.

Soon Sid and Nell are rocketing across light-years of interstellar space and millennia of history—seeking that which is lost and finding time.

Finding Time Review

This Finding Time book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
