Rural Retirement Migration (The Springer Series on Demographic Methods and Population Analysis) by David L. Brown, Nina Glasgow ISBN 9048177553

This fascinating book examines rural retirement migration from the older in-migrants' perspective and from the vantage point of the destination communities to which they move. This integrated approach permits the authors to view older in-migrants as embedded in environments that facilitate and/or constrain their opportunities for productive living during older age. It also permits the examination of positive and negative effects of older in-migration for destination communities.
