Sylvia Plath (Bloom's Modern Critical Views) by ISBN 0791094316

Sylvia Plath's short life and intense poetry continue to draw considerable critical and popular attention. Among her more recognizable works are the poetry collection "Ariel" and the novel "The Bell Jar". Her suicide and tumultuous marriage to Ted Hughes, as well as his choices in posthumously publishing some of her work (and not publishing other parts of it) add to the mystery of Plath's life, and are documented in this newly updated "Bloom's Modern Critical Views" title. This book offers readers fresh perspectives on a writer whose highly personal oeuvre continues to fascinate more than 40 years after her tragic death.

## **Sylvia Plath (Bloom's Modern Critical Views) Review**
