Tomorrow Is A Memory by J Criscoe ISBN 1480276308

Tomorrow Is A Memory, by J "Jim" Criscoe, is a story for young and old alike. Readers travel through thousands of years from pre-history into the Space age as they share adventures with Adam and Summer Ravenscraft who are suddenly transported to the Paleolithic era during the remnants of an ice age. The Ravenscrafts struggle to survive in hostile environments, join in the migration of pre-historic animals, fight with savage people, and take refuge with nomadic Cro-Magnons. It is a triumph of the human spirit over adversity and grief. "With many diverse elements it is more than a time travel saga; it is a love story, an action-adventure, a science fiction narrative and historical lessons all wrapped into one." -Josh Kaye, motion picture producer.
