Don't Worry About The Rent: Choosing new office space to boost business performance by Darren Bilsborough ISBN B015W85TVY

So, you have to choose a new office. Where do you start? Do you even really care? Or do you wonder whom you can delegate this onerous task to, given that what precious time you have needs to be spent on far more pressing business-related matters?

What if you could be convinced that the right choice of future office for your business could positively affect its accelerated growth, attract the best and brightest to your doors, directly contribute to reducing staff turnover, and improve your workplace productivity to the point that your

office rental costs are completely offset? Would that be worth exploring?

Written by Darren Bilsborough, an engineer and property industry advocate nominated in the 'Engineer's Atlas' in Architectural Record as one of the world's seventy greatest mechanical and structural engineers of all time, Don't Worry About the Rent provides the reader with an understanding of how improved business performance can be leveraged through the right choice of office space. It makes the argument that a workplace is not just a destination but an important tool in the suite of instruments available to anyone seeking to improve the bottom-line of their business.
