Dr. Patrick Walsh's Guide to Surviving Prostate Cancer, Second Edition by Patrick C. Walsh, Janet Farrar Worthington ISBN 0446696897

EVERY MAN NEEDS THIS BOOK!

Each year, more than 200,00 American men are diagnosed with prostate cancer. The good news is that more men are being cured of this disease than ever before.

Now in a revised second edition, this lifesaving guide by Dr. Patrick Walsh and award-winning science writer Janet Farrar Worthington offers a message of hope to every man facing this illness. Prostate

cancer is a different disease in every man--which means that the right treatment varies for each man. Giving you a second opinion from the world's top experts in surgery, pathology, urology, and radiation and medical oncology, this book helps you determine the best plan for you. Learn:

- What causes prostate cancer--your risk factors, including heredity, diet, and environment
- How some simple changes in your diet and lifestyle can help prevent or delay the disease
- Why the digital rectal exam and PSA test can save your life--and when to get these tests
- The latest treatment options: from Dr. Walsh's "nerve-sparing" radical prostatectomy to new radiation techniques, laparoscopic procedures, and new drugs that are revolutionizing treatment of advanced cancer
- The most effective methods for maintaining continence and potency after treatment.
