Unto a Good Land: A History of the American People by David Edwin Harrell Jr., Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith ISBN 0802837182

This textbook examines the same events in US history other textbooks cover---the American Revolution, slavery, political alliances and wars; however, Unto a Good Land follows the thread of America's persistence of religious faith, an under-researched and oft-neglected aspect of American history. Rather than taking the idealized and simplified perspective of America as a Christian nation, with religion as a force for good, this study examines the changes in religious demographics and beliefs and looks at how religion has been used as an agent of moral good as well as an agent of disempowerment. Focusing on the narrative "story" of history, this informative text also includes "In Their Own Words" sidebars with excerpts from primary source documents, more than 400 historical illustrations, 40 maps, "At a glance" chapter outlines, and "suggested

reading" bibliographies.

High School and College. 1216 pages, hardcover. Indexed. Black and white illustrations and photographs.

Unto a Good Land: A History of the American People Review

This Unto a Good Land: A History of the American People book is not really ordinary book, you have it then the world is in your hands.
