Book 4 in *The Bugging Out Series*

Hundreds of survivors gone. Men, women, and children. Vanished from a town that was one of the last bastions of civilization to ride out the apocalyptic worldwide blight.

But not forgotten.

A trio returning from an expedition across the wastelands carries with it hope for humanity. Hope for the future. Hope for their friends and loved ones. But they will have to find them first.

Only the smallest of clues as to their whereabouts are left behind. But it is enough to send Eric, Neil, and Elaine heading north. Sailing from town to town along the Alaskan coast. Finding allies and confronting enemies. Until finally they find themselves forced to enter a crumbling subterranean colony to rescue those they've been searching for.

But once they enter The Pit, the lives they've known and the people they've trusted will change--forever.
