Apple (Botanical) by Marcia Reiss ISBN 178023340X

Gala and Honeycrisp. Pink Lady and Pacific Rose. King Luscious and Winesap. The names of apples are as juicy as the fruit itself. One of the most widely distributed fruits on the planet, apples have always meant something beyond food and drink—their seeds have been planted deep within the myths, religion, and art of nearly every culture. They are symbols of beauty, desire, and sin; signs of hidden poisons and healthy eating; emblems of computers, phones, and music. Exploring the symbolism, art, and literature of the apple, as well as its botanical background, Marcia Reiss follows this iconic fruit from its origins to its now-ubiquitous presence in our world.

Journeying back to the apple's germination in the mountains of Central Asia, Reiss travels along the Silk Road to Europe and the New World. She reveals that, from Charlemagne to Johnny Appleseed to the colonization of South Africa, where settlers were required to plant apple orchards that led to the development of new towns, apples have become a global commodity. In addition to

delving into the latest debates about chemical sprays, Reiss looks at the rise of heirloom orchards and the hopes and fears of genetic developments. She also tells the parallel tale of apple cider, its decline during the Temperance Movement and its return as an artisanal alternative to wine. Beautifully illustrated with historic and contemporary images and containing a directory of popular and heirloom varieties, *Apple* is a book ripe for devouring.

## Apple (Botanical) Review

This Apple (Botanical) book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of Apple (Botanical) without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't be worry Apple (Botanical) can bring any time you are and not make your tote space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone. This Apple (Botanical) having great arrangement in word and layout, so you will not really feel uninterested in reading.
