The Watchers: A Secret History of the Reign of Elizabeth I by Stephen Alford ISBN 160819339X

In a Europe aflame with wars of religion and dynastic conflicts, Elizabeth I came to the throne of a realm encircled by menace. To the great Catholic powers of France and Spain, England was a heretic pariah state, a canker to be cut away for the health of the greater body of Christendom. Elizabeth's government, defending God's true Church of England and their great queen, could stop at nothing to defend itself. Headed by the brilliant, enigmatic, and widely feared Sir Francis Walsingham, the Elizabethan state deployed every dark art: spies, double agents, cryptography, and torture.

Delving deeply into sixteenth-century archives, Stephen Alford offers a groundbreaking, chillingly

vivid depiction of Elizabethan espionage, literally recovering it from the shadows. In his company we follow Her Majesty's agents through the streets of London and Rome, and into the dank cells of the Tower. We see the world as they saw it?ever unsure who could be trusted or when the fatal knock on the door might come. *The Watchers* is a riveting exploration of loyalty, faith, betrayal, and deception with the highest possible stakes, in a world poised between the Middle Ages and modernity.

## **The Watchers: A Secret History of the Reign of Elizabeth I Review**
