BUNDLE: Ritzer: Introduction to Sociology 3e + IEB by George F. Ritzer ISBN 1506327583
Join the conversation with one of sociology's best-known thinkers.

The **Third Edition** of **Introduction to Sociology**, thoroughly revised and updated, continues to show students the relevance of the introductory sociology course to their lives. While providing a rock-solid foundation, Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the “McDonaldization” of society. As technology flattens the globe, students are challenged to apply a sociological perspective to their world, and to see how “public” sociologists are engaging with the critical issues of today.
