The Gospel According to St. Luke (Classic Reprint) by Arthur Carr ISBN 133140021X
Excerpt from The Gospel According to St. Luke

The aims that I have proposed to myself in writing these Notes are (1) to connect the study of the Greek Testament more closely with the classical work of a public school; (2) to illustrate the history of the Greek language by Hellenistic usages; (3) to determine the meaning of Greek words, especially those not found in classical writings, and to explain Jewish customs to which reference is made; (4) to trace the train of the Evangelists thoughts; (5) to bring out to the best of my power the truth in the words of Jesus.

I have endeavoured as far as possible to form an independent judgment on the many difficult

questions that present themselves to every interpreter of the Bible.
