The Dark Side Of Man (Helix Books) by Michael Ghiglieri, Joshua Bilmes ISBN 0738203157

In *The Dark Side of Man*, Michael Ghiglieri, a biologist and protégé of Jane Goodall, takes on one of the most highly charged debates in modern science: the biological roots of bad behavior. Beginning with rape, and moving on to murder, war, and genocide, Ghiglieri offers the most up-to-date, comprehensive look at the male proclivity for violence. In a strong narrative voice, he draws on the latest research and his own personal experiences—both as a primatologist and as a soldier—to explain that male violence is largely innate, a product of millions of years of evolution. In the process, he debunks many of our most clung-to, “politically correct” notions: that the differences between men and women are strictly due to socialization, that rape is really about power—not sex—and that genocide is only possible with a single madman at the helm. Well-argued, evenhanded, yet never dull, this important book illuminates the darkest impulses of the male psyche, and suggests ways for modern society to curb them.

## **The Dark Side Of Man (Helix Books) Review**

This The Dark Side Of Man (Helix Books) book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
