Beyond Opinion: Living the Faith We Defend by Ravi Zacharias ISBN 0849919681
A Definitive Masterwork from the World's Leading Christian Apologist

Throughout his career, Ravi Zacharias has faced some of the most difficult questions ever asked about the Christian faith. The most troublesome question of all, however, came from a Hindu friend. "If this conversion is truly supernatural," he asked, "why is it not more evident in the lives of so many Christians that I know?" *Beyond Opinion* is Dr. Zacharias's response.

In addition to his own contributions, Ravi Zacharias brings together the global team of Ravi Zacharias International Ministries, including Alister McGrath and John Lennox, to suggest a new vision for Christian apologetics in this century. Their aim is an apologetic governed by human

relationship and committed to winning people rather than arguments. Speaking from their experiences and expertise, the contributors offer guidance on a broad range of topics, including:

- Postmodern Challenges and the Bible
- Challenges from Atheism
- Challenges from Islam
- Conversational Apologetics
- Existential Challenges of Evil and Suffering

More than a book of apologetics, *Beyond Opinion* will equip you intellectually, spiritually, and relationally “to give an answer to everyone who asks you to give the reason for the hope that you have.”
