In ten years a worldwide catastrophe no one was prepared for, will inexplicably change life as we know it. Ranger Mackenzie Mason, a Park Ranger in the Grand Canyon, has to stop a diabolical plan to kill the Major General in charge of the South Western portion of the nation under Martial Law. But she was injured by the anarchists, and it is up to Hannah Cumberland, a registered nurse at the canyon hospital, to nurse her back to health. The attraction was instant, but they had many obstacles to scale first, not the least of which was Mack's blindness after she was attacked, and her dogged determination to save her mother, the Major General.
