Ancient Religions, Modern Politics: The Islamic Case in Comparative Perspective by Michael Cook
ISBN 0691144907

Why does Islam play a larger role in contemporary politics than other religions? Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life? If so, what is it? *Ancient Religions, Modern Politics* seeks to answer these questions by examining the roles of Islam, Hinduism, and Christianity in modern political life, placing special emphasis on the relevance--or irrelevance--of their heritages to today's social and political concerns.

Michael Cook takes an in-depth, comparative look at political identity, social values, attitudes to warfare, views about the role of religion in various cultural domains, and conceptions of the polity. In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages. He uses this finding to explain the fact that, despite the existence of Hindu and Christian counterparts to some aspects of Islamism, the phenomenon as a whole is unique in the world today. The book also shows that fundamentalism--in the sense of a determination to return to the original sources of the religion--is politically more adaptive for Muslims than it is for Hindus or Christians.

A sweeping comparative analysis by one of the world's leading scholars of premodern Islam, *Ancient Religions, Modern Politics* sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today.

Ancient Religions, Modern Politics: The Islamic Case in Comparative Perspective Review

This Ancient Religions, Modern Politics: The Islamic Case in Comparative Perspective book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
