Saving Women: Retrieving Evangelistic Theology and Practice by Lacey C. Warner ISBN 1932792260

Saving Women is a much-needed study of women's contributions to the theology of evangelism. Through a careful consideration of the primary sources of six Protestant women ministering in America from 1800-1950, this historical and theological study demonstrates that these women combined verbal proclamation with other historic Christian practices in their roles as preacher, visitor, missionary, educator, activist, and reformer.
