Civil Juries and Civil Justice: Psychological and Legal Perspectives by ISBN 0387744886

At last, here is an empirical volume that addresses head-on the thorny issue of tort reform in the US. Ongoing policy debates regarding tort reform have led both legal analysts and empirical researchers to reevaluate the civil jury's role in meting out civil justice. Some reform advocates have called for removing certain types of more complex cases from the jury's purview; yet much of the policy debate has proceeded in the absence of data on what the effects of such reforms would be. In addressing these issues, this crucial work takes an empirical approach, relying on archival and experimental data. It stands at the vanguard of the debate and provides information relevant to both state and national civil justice systems.

## **Civil Juries and Civil Justice: Psychological and Legal Perspectives Review**

This Civil Juries and Civil Justice: Psychological and Legal Perspectives book is not really ordinary book, you have it then the world is in your hands.
