Money In The Bank: Saving You Money Is Our Business by Sheila A Lovekamp ISBN 069248986X
Are you tired of spending all your money and not having money left over for the fun things? Let's face it, we all are. In this book, you will learn simple, practical ways to not only save money but make a little bit also. Hi, My name is Sheila Lovekamp. I am the mother of 6 children and it always seemed I was at the store buying store brand products, looking for the clearance aisles, anything to save some money. It was nothing to spend \$500 to \$600 a month or more on groceries. I finally decided, I wanted to take my family on a nice long vacation and that's where the research began. I took a couponing clipping class and soon realized how great it was but there was so much more out there. I have found different ways to not only save money but make a little bit also. Oh and our vacation, we drove across country for two weeks. My children saw where Katrina hit Louisiana, New Mexico, The Grand Canyon, The Hover Dame and finally Pike's Peak before we returned

home. This trip was all paid for by how I learned to save money. That was 3 years ago and we've been able to take a nice vacation every year since. Aren't you ready for a vacation?
