The Life of Christ: (Illustrated) by Giovanni Papini ISBN B00P5WK9YK

Meticulously formatted with Active Table of Contents. Giovanni Papini's "Life of Christ" was the number two non-fiction best seller in the year 1923. Papini gained international fame with his religious novel "Storio Di Christo" and this, the English translation.

From an online review:

"One of the most beautiful books I ever read about the life of Jesus Christ. Not a theological work, which the author freely admits, but one that brings the life of Christ vividly before your eyes. The great change that He brought, how He preached and attracted the hearts of thousands comes to an emotional height with the crucifixion and His great sacrifice." (there are many other reviews around the Internet)

As an aside, this book had a life changing effect upon the legendary golfer, Bobby Jones, resulting

in his conversion to Catholicism.

This is a book that the reader will surely return to to again and again, and should be part of every Christian's religious library. Note: there's another version being sold, but it only seems to have 150 pages or so - this one is the exact original - about 350 pages.
