Corporate Financial Accounting 8th edition by Warren, Carl S.; Reeve, James M.; Fess, Philip E. published by South-Western College Pub Paperback by ISBN B0090SW5W4

Grounded in financial statements, Financial Accounting allows accountants to see not only the impact of financial transactions in financial statements, but also the impact of transactions on overall business decisions. The eighth edition offers new elements designed to sharpen Pratt's economic decision-making foundation with a more timely, real-world focus. Up-to-date, expanded, and detailed IFRS coverage is now included. The SEC 2014 roadmap is explored in all chapters.

Comprehensive coverage of real-world financial crisis issues is presented. Accountants will also find more discussions on the increasing role of management's assessment of internal controls over financial reporting. Like the most successful businesses, this text successfully integrates innovation with tradition by showing how the preparation of financial accounting information is useful to today's student of business. CORPORATE FINANCIAL ACCOUNTING uses the preparation of financial statements as the framework for understanding what accounting is all about.

Corporate Financial Accounting 8th edition by Warren, Carl S.; Reeve, James M.; Fess, Philip E. published by South-Western College Pub Paperback Review
