An Uncommon Tongue: The Uses and Resources of English by Walter Nash ISBN 0415063612

This book explores the theme of language usage in its widest sense - usage as what we say or write; usage as a social question; usage as a literary convention; usage and creativity. Walter Nash reflects on the world and the demands it makes on its academic disciplines. The argument develops from the notion of Standard English and the individual user, through technical questions of usage, to considerations of composition and literary creativity, with a concluding chapter on English as a world language. Nash argues that the study of usage transcends both the "prescriptive" and "descriptive" and is ultimately "constructive", displaying the resources of language and exploring their use. This book should be of interest to undergraduates, postgraduates and academics.

An Uncommon Tongue: The Uses and Resources of English Review

This An Uncommon Tongue: The Uses and Resources of English book is not really ordinary book, you have it then the world is in your hands.
