Solutions to Exercises for Chemistry: The Central Science by Theodore E. Brown ISBN 0321705009

This book features detailed, step-by-step solutions to the more than 2,600 end-of-chapter problems in chemistry. For each solution, the author outlines the key steps, following the same outline that was used to solve similar sample problems in the textbook. She also calls your attention to aspects such as significant digits, units, and strategies for thinking about similar problems.
