Student Workbook for France's Introduction to Sports Medicine and Athletic Training by Robert C France ISBN 1435464389

The workbook was developed to maximize learning through reinforcement of the text material. Workbook chapters correspond to textbook chapters and include an outline of textbook chapter material, a review of key chapter concepts, and activities that emphasize key terms, anatomy, and procedures. Activities include a vocabulary review, multiple choice questions, hands-on activities, online research suggestions, a word search or crossword puzzle, and a "real-world" critical thinking exercise.
